

✨ THE AIN SOPH GALACTIC SUN STAR PORTAL UPGRADE ✨

The Divine All-Mother Planetary Portal Alignment

Beloved Sisters and Brothers of Light,

With immense joy and gratitude, we invite you to join us in a new sacred planetary service dedicated to the Divine All-Mother.

Together we shall enter a new cycle of planetary alignment through the twelve Ain Soph Galactic Sun Star Portals, lovingly anchored upon the Earth between 2012 and 2017 through the guidance of Archangel Metatron, the Cosmic Council of the Ain Soph, and all the devoted souls who answered this sacred calling.

Today a new chapter of Earth's evolution is unfolding.

The frequencies of the Divine All-Mother Sophia are becoming increasingly present within the collective field of humanity, gently inviting our planet into a deeper embodiment of Divine Love, Sacred Harmony and the living consciousness.

✨ What Will We Experience Together?

During these sacred gatherings, we shall enter a profound state of collective meditation, opening ourselves as living bridges between Heaven and Earth.

Guided by AnRaNae and Sephira Dunja Denise, we will consciously attune to the Twelve Ain Soph Galactic Sun Star Portals, entering into communion with their multidimensional fields of Light and Divine Intelligence.

Together, we become willing vessels of the Divine.

Through our Higher Multidimensional Self, we receive, anchor and radiate the luminous Creation Codes of Ain Sophia, flowing directly from the Infinite Source of All Life into the living body of Mother Earth.

As one unified field of consciousness, we become sacred transmitters of these frequencies, allowing Divine Love to express itself through us for the highest good of all beings.

Through Sephira, the blessings, Light Codes and Harmonic Frequencies of the Divine All-Mother Sophia, together with the Angelic Orders of the Source of Life and the Stellar Consciousness Group ANTARES, will be lovingly transmitted to support the unfolding of Earth's next evolutionary cycle.

These sacred transmissions are dedicated to:

 The healing, renewal and harmonization of Mother Earth and all kingdoms of Nature.

 The restoration of Divine Harmony throughout Creation.

 The embodiment and manifestation of the New Earth founded upon the living Presence of the Divine All-Mother.

 The anchoring of Divine Wisdom, Love and Sacred Order into the collective consciousness of humanity.

 The awakening of humanity to a greater remembrance of its divine origin and innate unity with all Life.

 The strengthening of the planetary crystalline grids through the frequencies of love, coherence and living light.

 The gentle dissolution of limiting collective patterns, artificial distortions and separation-based consciousness, allowing humanity to naturally evolve into greater harmony, freedom and multidimensional awareness.

 **Why Your Presence Matters,**

Beloved One,

You are far more than a human being living a human experience.

You are an eternal Divine Soul who has lovingly chosen to incarnate upon the Earth during one of the greatest evolutionary transitions in the history of this planet.

Your physical body is not separate from Mother Earth.

It is formed from Her elements, sustained by Her living breath, and woven from the very substance of Her sacred body. Through your incarnation, Heaven has found a living anchor within the Earth.

This alone makes your presence deeply meaningful.

As you consciously open your heart during these sacred meditations, you naturally become a living bridge between the Divine and the material world.

Through your Higher Self, your soul serves as a luminous vessel through which the frequencies of the Divine All-Mother, the Angelic Realms, and our Galactic Brothers and Sisters may gently flow into the collective field of humanity and into the living body of Mother Earth.

 You do not need to force anything.

 You do not need to become anything.

 Your loving presence is enough.

As each participant enters this unified field of consciousness, we weave together a living network of Light, creating a sacred vessel through which the Divine Mother's Love, Wisdom and Creative Intelligence may anchor ever more deeply within our world.

 Every heart becomes a temple.

 Every soul becomes a living blessing.

 Every embodied presence becomes a sacred point where Heaven and Earth meet.

Through our collective presence, we consciously offer ourselves in loving service to the Highest Good of All Life, allowing the Divine Will to unfold in perfect harmony, wisdom and grace.

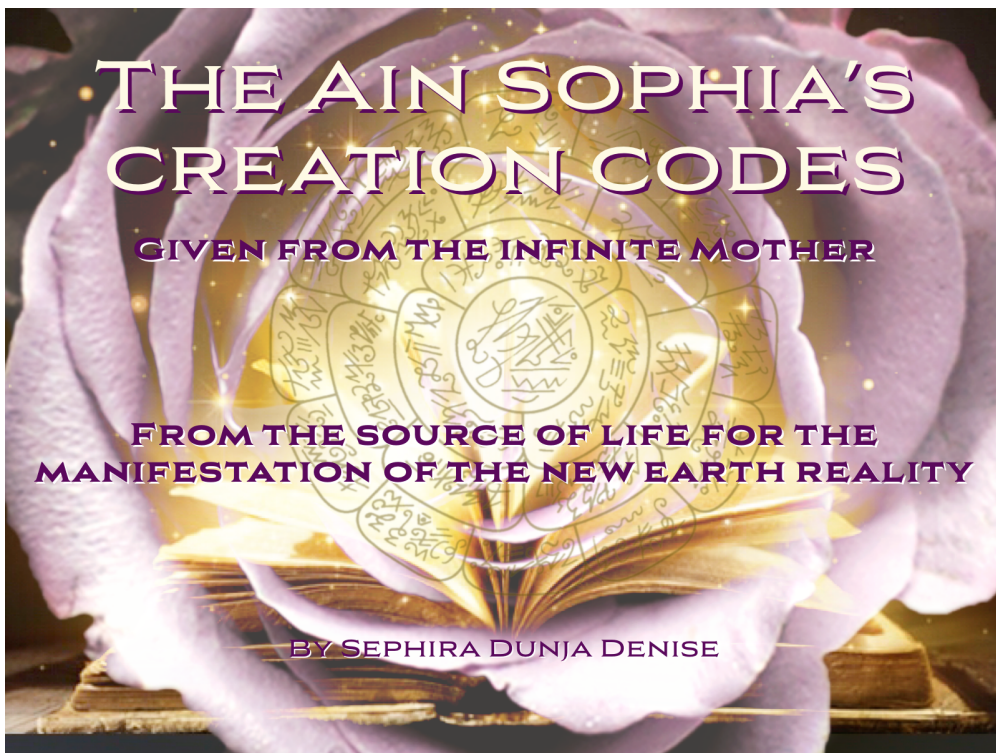

Together we become living cells within the Heart of the Divine All-Mother, remembering that the New Earth is not something we wait for...

"Where two or more hearts gather in Divine Love, a new field of Creation is born. Through our unity, Heaven gently remembers itself upon the Earth, and the Divine All-Mother breathes Her Living Presence into all Life

This is not a meditation of striving, but of remembering. Not an act of personal will, but an offering of Presence. Together we become living temples through which the Divine All-Mother breathes Her Love into the Earth, awakening the eternal remembrance that all Life is One."

About the living creation codes of All Mother Sophia,

✨ The Living Creation Codes of Ain Sophia

The Living Creation Codes are sacred luminous frequencies that continuously emanate from the Infinite Source of All Life through the eternal Heart of the Divine All-Mother Sophia.

They are living expressions of Divine Consciousness, carrying within them the original blueprint of Creation and the eternal Wisdom through which all Life is lovingly sustained, renewed and brought into harmony.

These sacred frequencies are woven into the eternal Book of Life, where the Divine All-Mother continually inscribes the unfolding vision of Her Creation and the manifestation of Her Supreme New Earth Reality—Her Kingdom of Divine Love, Unity and Living Light.

As humanity enters a new cycle of planetary awakening, these Living Codes are once again flowing into the Earth through those who have consciously dedicated themselves to becoming pure vessels of Divine Love.

They are transmitted through the sacred embodiment of the Priestesses and Priests of the White Rose, who have offered themselves in loving service as living temples of the Divine Mother, allowing Her Presence to speak, bless and create through them.

They are also revealed through the Sacred Sigils of Light, consciously created under the guidance of the Angelic Orders of the Source. These sigils are not merely symbols, but living geometries of consciousness that carry the vibrational intelligence of Ain Sophia into the human heart and the planetary field.

Today these Living Creation Codes are increasingly being transmitted into the collective consciousness to support the restoration of Divine Harmony throughout all Creation.

They gently nourish the awakening of humanity, restore the sacred balance between Heaven and Earth, and assist the remembrance of the original harmony woven into every living being.

Their purpose is not to impose a new reality, but to awaken the eternal reality that has always existed within the Heart of Creation.

These Living Codes carry the Divine Principles upon which the New Earth is founded:

- ✦✦ Unity before separation.
- ✦✦ Love before fear.
- ✦✦ Wisdom before knowledge.
- ✦✦ Harmony before control.
- ✦✦ Living Consciousness before limitation.

✨ Divine Co-Creation before survival.

As these frequencies anchor more deeply into humanity and into the living body of Mother Earth, they naturally illuminate the next octave of planetary consciousness.

The New Earth is therefore not simply a future destination.

It is a living field of Divine Consciousness that is already being born within every awakened heart that chooses to embody Love, Truth and Sacred Presence.

"The Living Creation Codes are the highest Codes of Life and are not learned by the mind; they are remembered by the soul.

They awaken the ancient knowing that has always lived within the Heart of the Divine All-Mother, gently calling every being home to the eternal harmony from which all Life was born.

They are not just transmitted to us—they awaken through us when the soul becomes a living embodiment of the Divine All-Mother."
